October 19: SPREE's Trees: Plants and trees make the air we breathe. Explore and learn about the different trees and plants that are adapted to grow along the South Platte River!

October 22-23: BioBlitz!: How many unique plant and animal species live around Denver? Go on an outdoor BioBlitz with SPREE as we try to find and identify as many species as we can! Campers may attend one or both days.

November 19-20: Cats & Canines: There are wild cats and dogs roaming around Colorado! Join SPREE as we study the difference between bobcats & lynx, and learn about the coyotes and foxes of our City! Campers may attend one or both days.
